## Same-Day Surgery 2000 Index

---

### Accreditation

Core measures include surgical site infection, MAY:58  
JCAHO adds pain management standards, MAR:Sup  
Joint Commission Defines Surgical Core Measures, MAY:59  
Joint Commission drafts office-based standards, OCT:125  
Joint Commission revises fire-drill standards, OCT:125  
Joint Commission updates standards for anesthesia, OCT:124  
Joint Commission warns about OR sentinel events, MAY:54  
Seven steps to reducing surgery complications, MAY:57  
Some single-use devices can be reprocessed safely, GAO report says, AUG:97  
The Joint Commission defines sentinel event, MAY:55  
Web sites offer accreditation info, OCT:126

### Advance directives

Develop a policy on advance directives, SEP:115  
Learn how to handle advance directives, SEP:113  
Patient Information Sheet (Advance Directives), SEP:Sup

### Alternative medicine

Integrate complementary medicine into your practice, OCT:132  
Patients must skip Viagra 24 hours before surgery, APRIL:41

### Anesthesia

Cut length of stay: Pay attention to meds, SEPT:117  
How you can reduce your anesthesia costs, APR:43  
Joint Commission updates standards for anesthesia, OCT:124

Minimum Elements for Providing Anesthesia Services in the Office-Based Practice Setting — Assessment Checklist, NOV:Sup  
Patients must skip Viagra 24 hours before surgery, APRIL:41  
Teamwork and anesthetics reduce surgery times, NOV:139

### Documentation/Forms/Policies/Protocols

Competency assessment begins at orientation, APR:44  
Endoscopic Sinus Surgery (Pediatric and Adult) perioperative pathway, MAR:Sup  
Flexible Sigmoidoscopy Screening Protocol, JUN:Sup  
Flexible Sigmoidoscopy Abnormal Exam, JUN:Sup  
Minimum Elements for Providing Anesthesia Services in the Office-Based Practice Setting — Assessment Checklist, NOV:Sup  
Patient Information Sheet (Advance Directives), SEP:Sup  
Performance Review and Competency Tracking Tool — Staff RN — Surgery, APR:Sup  
Performance Review and Competency Tracking Tool — Surgical Technician, APR:Sup  
Protocol addresses nausea and vomiting, JUL:90  
Survey techniques vary among facilities, MAY:62  
Training Program for Nurse Endoscopist Performing Flexible Sigmoidoscopy, JUN:Sup  
Vendors provide survey tools, MAY:62

### Equipment/Supplies (also see Anesthesia and Laparoscopy/endoscopy/arthroscopy/sigmoidoscopy)

Cataract extraction study looks at costs, efficiency, JUN:77  
FDA policy on reprocessing not for surgery centers, APRIL:40  
FDA's Intended Time Line for Enforcing Existing Non-premarket and Premarket Submission Requirements for Hospital Reprocessors, OCT:Sup  
FDA's Intended Time Line for Enforcing Specific Premarket Requirements, OCT:Sup  
Final reuse regulation: FDA drops risk classification, OCT:130  
Get ready to be treated like a device manufacturer, if FDA has its way — Feds propose revisions to policy on reprocessing single-use items; JAN:1  
HCFA adds \$50 payment for new technology IOLs, JUN:68  
Health advisory targets reprocessing endoscopes, JAN:9  
How you can reduce your anesthesia costs, APR:43  
Info System Vendors Offer Cost-Accounting Capabilities, JAN:5  
List of Surgical Single-Use Devices Known to be Reprocessed, OCT:Sup  
PCA said to be effective method for children, APR:45  
Recent studies add fuel to the fire: Should your staff use soap or gel? APRIL:37  
Some single-use devices can be reprocessed safely, GAO report says, AUG:97  
Surgery center uses IOL to reduce cataract costs, MAY:53  
Teamwork and anesthetics reduce surgery times, NOV:139

---

*When looking for information on a specific topic, back issues of Same-Day Surgery newsletter, published by American Health Consultants, may be useful. To obtain 2000 back issues, go on-line to [www.ahcpub.com](http://www.ahcpub.com). Click on the section titled "on the Web," and then "AHC Online." Or contact our customer service department at P.O. Box 740060, Atlanta, GA 30374. Telephone: (800) 688-2421 or (404) 262-7436. Fax: (800) 284-3291 or (404) 262-7837. E-mail: [customerservice@ahcpub.com](mailto:customerservice@ahcpub.com).*

### **Extended recovery care**

- Be persistent against regulatory roadblocks, AUG:103
- Examine programming for extended recovery care, SEP:115
- Extended care adds revenue potential, AUG:102
- Mixed financial results for extended recovery care, AUG:104
- Survey by FASA looks at recovery care, AUG:106

### **Finances (also see Medicare and Outpatient PPS)**

- Avoid reimbursement delays: Accuracy is key, JUN:69
- ID reimbursement problems before they appear, JUN:70
- Prepare to give away financial data and pay your state for the 'privilege,' SEP:109
- Same-day surgery questions and answers, OCT:126
- Sample of what data states collect, SEP:110
- Strategy for success in one word? Volume! MGMA analyzes performance of surgery centers, DEC:149
- Use peer comparisons to lower operating cost, DEC:148

### **Freestanding centers**

- Bill proposes delay in PPS for surgery centers, NOV:138
- IC guidelines reach beyond the hospital, MAR:30
- Prepare to give away financial data and pay your state for the 'privilege,' SEP:109
- Requirements for Infrastructure and Essential Activities of Infection Control and Epidemiology in Out-of-Hospital Settings, MAR:Sup
- Sample of what data states collect, SEP:110
- Strategy for success in one word? Volume! MGMA analyzes performance of surgery centers, DEC:149
- Surgery centers attract experience, MAR:30
- Surgery center uses IOL to reduce cataract costs, MAY:53

### **Hospital-based programs (Also see Outpatient PPS)**

- FDA policy on reprocessing not for surgery centers, APRIL:40
- FDA's Intended Time Line for Enforcing Existing Non-premarket and Premarket Submission Requirements for Hospital Reprocessors, OCT:Sup
- FDA's Intended Time Line for Enforcing Specific Premarket Requirements, OCT:Sup
- Final reuse regulation: FDA drops risk classification, OCT:130
- Hospital CEOs express competitive concerns, AUG:101
- Joint venture column leads to flood of e-mails, MAR:32
- List of Surgical Single-Use Devices Known to be Reprocessed, OCT:Sup
- Why hospitals try joint venture ASCs with doctors, JAN:8

### **Infection control/Reprocessing single-use devices**

- Bills address reuse issue, AUG:100
- Consider caveats of reprocessing safely, AUG:100
- Controversy erupts over whether to disinfect or sterilize endoscopes, FEB:13
- Core measures include surgical site infection, MAY:58
- FDA policy on reprocessing not for surgery centers, APRIL:40
- Final reuse regulation: FDA drops risk classification, OCT:130
- Health advisory targets reprocessing endoscopes, JAN:9
- IC guidelines reach beyond the hospital, MAR:30
- Joint Commission Defines Surgical Core Measures, MAY:59
- List of Surgical Single-Use Devices Known to be Reprocessed, OCT:Sup
- Recent studies add fuel to the fire: Should your staff use soap or gel? APRIL:37
- Requirements for Infrastructure and Essential Activities of Infection Control and Epidemiology in Out-of-Hospital Settings, MAR:Sup

Some single-use devices can be reprocessed safely, GAO report says, AUG:97

### **Internet/World Wide Web**

- Free safety info available on the Web, JULY:86
- Grants, guidelines, and more with a lick of a mouse, JULY:96
- Orthopedic information available on the Web, DEC:156
- Reduce patients' stress with Web site service, DEC:Sup
- Use the Web to give pre-op information, APR:46
- Web sites offer accreditation info, OCT:126

### **Laparoscopy/endoscopy/arthroscopy /sigmoidoscopy**

- Controversy erupts over whether to disinfect or sterilize endoscopes, FEB:13
- Cut length of stay: Pay attention to meds, SEPT:117
- Endoscopic Sinus Surgery (Pediatric and Adult) perioperative pathway, MAR:Sup
- Flexible Sigmoidoscopy Screening Protocol, JUN:Sup
- Flexible Sigmoidoscopy Abnormal Exam, JUN:Sup
- Health advisory targets reprocessing endoscopes, JAN:9
- Here are study results: How do you measure up? NOV:140
- Nurse endoscopists increasing staffing options, JUN:74
- Solid training essential for flexible sigmoidoscopies, JUN:76
- Team effort vs. assigned tasks saves time, NOV:141
- Teamwork and anesthetics reduce surgery times, NOV:139
- Training Program for Nurse Endoscopist Performing Flexible Sigmoidoscopy, JUN:Sup

### **Management (Also see Salary/Careers, Regulation, and Renovating/Building)**

- ASC management: 9 lessons I've learned, FEB:18
- Check out shoe sales and surgery in one trip, JULY:91

Collect cost information in three categories, JAN:6

Ensure success, follow tips to measure your costs, JAN: 4  
Generation X: Who are they? FEB:17

Info System Vendors Offer Cost-Accounting Capabilities, JAN:5  
Joint venture column leads to flood of e-mails, MAR:32

Managing Generation X in same-day surgery, FEB:16

Prepare to give away financial data and pay your state for the 'privilege,' SEP:109

Same-day surgery questions and answers, OCT:126

Sample of what data states collect, SEP:110

Should your facility ban the use of cell phones? NOV:141

Tips for freeing up bottlenecks in surgery, NOV:142

#### **Medicare (Also see Outpatient PPS)**

Fraud alert addresses outpatient surgery billing, JAN: 11  
HCFA adds \$50 payment for new technology IOLs, JUN:68

#### **New procedures (also see Technology)**

Options available for vision correction, JULY:93

#### **Nurses**

Nurse endoscopists increasing staffing options, JUN:74

Performance Review and Competency Tracking Tool — Staff RN — Surgery, APR:Sup  
Perioperative elective introduces OR to students, MAR:29

Periop nursing shortage threatens SDS programs, MAR:28

Shortage of experienced nurses? Readers share solutions, NOV:Sup

Solid training essential for flexible sigmoidoscopies, JUN:76  
Surgery centers attract experience, MAR:30

Training Program for Nurse Endoscopist Performing Flexible Sigmoidoscopy, JUN:Sup

#### **Outpatient prospective payment system (Also see Medicare and Finances)**

Bill proposes delay in PPS for surgery centers, NOV:138

Brace yourself: HCFA might be wrong in optimistic predictions for PPS rule, JUN:65

Days are counting down: 4 steps to take now, JUN:67

Follow these tips to comply with PPS, OCT:129

Glitches in outpatient PPS could cause claims errors, OCT:127

Good/bad reimbursement news for pain management, DEC:154

Groups ask for delay in provider-based rule, OCT:129

HCFA delays outpatient PPS by one month, JULY:81

HCFA to phase in APCs for surgery centers and give hospitals supplemental payments, JAN:1

Here's the bad news from hospital PPS rule, MAY:52

Here's the latest PPS news, DEC:145

Medicare Learning Network for Outpatient PPS Frequently Asked Questions and Answers (Excerpt), AUG:Sup

Medicare Learning Network Q&As (Excerpt), NOV:Sup

OIG won't seek penalties for outpatient PPS errors, AUG:107

Outpatient PPS to be implemented this year, APR:37

Want more information on the outpatient PPS? SEP:119

Were you expecting the worst with outpatient PPS? You can relax, MAY:49

Will patients shift settings under outpatient PPS? SEP:118

#### **Pain management**

Complementary therapies offer pain control options, MAR:Sup

Know the definitions of complementary therapies, MAR:Sup

JCAHO adds pain management standards, MAR:Sup

PCA said to be effective method for children, APR:45

#### **Patient satisfaction**

Patients define value of pre-op information, MAY:63

Reduce patients' stress with Web site service, DEC:Sup

#### **Patient screening**

A quick tip on when to test, DEC:147

Be ready to handle domestic abuse victims, DEC:153

Domestic abuse victims undergo more surgeries, DEC:151

Will you ID diseases or waste time and money with routine pre-op tests on the elderly? DEC:145

#### **Pediatrics**

PCA said to be effective method for children, APR:45

Tips on how to handle the pediatric patient, JUN:73

#### **Preoperative care**

A quick tip on when to test, DEC:147

Flexible Sigmoidoscopy Screening Protocol, JUN:Sup

Patients define value of pre-op information, MAY:63

Use the Web to give pre-op information, APR:46

Will you ID diseases or waste time and money with routine pre-op tests on the elderly? DEC:145

#### **Quality assurance/quality improvement/benchmarking/best practices**

Benchmarking is more than managers realize, MAY:60

Best performers strive to improve, JUN:78

Cataract extraction study looks at costs, efficiency, JUN:77

Core measures include surgical site infection, MAY:58

Future benchmark studies planned, JUN:80

Here are study results: How do you measure up? NOV:140

Joint Commission Defines Surgical Core Measures, MAY:59

Protocol addresses nausea and vomiting, JUL:90

Team effort vs. assigned tasks saves time, NOV:141

Teamwork and anesthetics reduce surgery times, NOV:139

### **Regulation**

FDA policy on reprocessing not for surgery centers, APRIL:40  
FDA's Intended Time Line for Enforcing Existing Non-premarket and Premarket Submission Requirements for Hospital Reprocessors, OCT:Sup  
FDA's Intended Time Line for Enforcing Specific Premarket Requirements, OCT:Sup  
Final reuse regulation: FDA drops risk classification, OCT:130  
Get ready to be treated like a device manufacturer, if FDA has its way — Feds propose revisions to policy on reprocessing single-use items; JAN:1  
IC guidelines reach beyond the hospital, MAR:30  
List of Surgical Single-Use Devices Known to be Reprocessed, OCT:Sup  
New FCC requirements may mean replacing telemetry equipment, OCT:121  
Requirements for Infrastructure and Essential Activities of Infection Control and Epidemiology in Out-of-Hospital Settings, MAR:Sup  
Risk categorization scheme draft published, FEB:23  
Safe harbors extended to four types of ASCs, FEB:19  
Some single-use devices can be reprocessed safely, GAO report says, AUG:97

### **Renovating/Building**

Build or renovate: How do you decide? JAN:6  
Construction costs can vary widely, FEB:22  
Learn how to select an architect, FEB:22  
Location costs differ from traditional sites, JULY:93  
Use current, future case mix to plan your center, JAN:8

### **Risk Management/Medical errors** (also see *Infection Control*)

AORN course trains industry reps, JULY:88

Consider caveats of reprocessing safely, AUG:100

Develop a policy on advance directives, SEP:115  
Don't end up on '60 Minutes' — avoid liability with new technology, MAR:25  
Do you have a difficult physician in your OR? JUN:71  
Fraud alert addresses outpatient surgery billing, JAN: 11  
Free safety info available on the Web, JULY:86  
Instrument counts: Controversial, but vital, JULY:84  
Joint Commission warns about OR sentinel events, MAY:54  
Learn how to handle advance directives, SEP:113  
New FCC requirements may mean replacing telemetry equipment, OCT:121  
New statement addresses sales reps in the OR, JULY:88  
Number of office-based surgeries rivals surgery centers; are they safe? NOV:133  
Public spotlight is on medical errors — don't become one of the statistics, JULY:81  
Recommended Practices for Sponge, Sharp, and Instrument Counts, JULY:Sup  
Seven steps to reducing surgery complications, MAY:57  
Some single-use devices can be reprocessed safely, GAO report says, AUG:97  
The Joint Commission defines sentinel event, MAY:55  
Tips on how to handle the pediatric patient, JUN:73  
What led Florida board to pass moratorium? NOV:137

### **Salary/Career**

Shortage of experienced nurses? Readers share solutions, NOV:Sup

### **Staffing/Staff satisfaction**

Competency assessment begins at orientation, APR:44  
Cross-trained staffing: The pros and cons, SEP:112  
Do you know the preferences of your OR staff? JULY:89  
Performance Review and

Competency Tracking Tool — Staff RN — Surgery, APR:Sup  
Shortage of experienced nurses? Readers share solutions, NOV:Sup

### **Surgeons/Office-based surgery**

Do you feel threatened by office-based surgeries? NOV:136  
Do you have a difficult physician in your OR? JUN:71  
How do surgeons judge a day-surgery program, MAY:61  
Joint Commission drafts office-based standards, OCT:125  
Joint venture column leads to flood of e-mails, MAR:32  
Minimum Elements for Providing Anesthesia Services in the Office-Based Practice Setting — Assessment Checklist, NOV:Sup  
Number of office-based surgeries rivals surgery centers; are they safe? NOV:133  
Survey techniques vary among facilities, MAY:62  
Vendors provide survey tools, MAY:62  
What led Florida board to pass moratorium? NOV:137  
Why hospitals try joint venture ASCs with doctors, JAN:8

### **Technology (also see *Internet/World Wide Web*, and *Laparoscopy/endoscopy/arthroscopy/sigmoidoscopy*)**

Don't end up on '60 Minutes' — avoid liability with new technology, MAR:25  
Free safety info available on the Web, JULY:86  
How to decide on technology purchases, JULY:85  
Include potential volume increase in cost evaluation, JUL:87  
Low-tech zipper plays role in modern surgery, MAR:33  
Technological 'Big Brother' increases efficiency, DEC:Sup
